Hi John:

The attached file has my comments/edits.  
Please feel free to ignore the comments.

Some of the phrasing in this op ed is rather awkward...  
We can discuss at 3 today....

Hi Enrique,  
Are you able to take a look at the attached draft today? Debbie has been asking me about the status. I note that your review at this point will **not** be your only bite at this apple – there's a good shot that CalEPA/Jared may want to change this considerably, and we'll certainly circle back with you/SEMD after they edit this draft.

**Subject:** SoCal DDT joint op-ed draft

Hi all,

Please find attached an initial draft of the joint NOAA-CalEPA-EPA op-ed we discussed. And yes I understand that CalEPA may change the wording quite a bit, so we won't be too crushed if our beautiful prose is altered significantly.

Let me know what you think, then we can share with our CalEPA comms POC.

Thanks,
